INDEPENDENT AUDITORS' REPORT

The Honorable John A. Crawford
Nassau County Clerk of the Circuit Court
Nassau County, Florida

We have audited the accompanying special purpose financial statements of each major fund and the aggregate remaining fund information of the Nassau County, Florida, Clerk of the Circuit Court (the Clerk) as of and for the year ended September 30, 2008, as listed in the table of contents. These special purpose financial statements are the responsibility of the Clerk's management. Our responsibility is to express an opinion on these special purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in note 1 to the special purpose financial statements, the special purpose financial statements referred to above have been prepared for the purpose of complying with, and on the basis of accounting practices specified by, the *Rules of the Auditor General*, State of Florida, and present only the Clerk and are intended to present each major fund and the aggregate remaining fund information of Nassau County, Florida, that is attributable to the transactions of the Clerk. They do not purport to, and do not, present fairly the financial position of Nassau County, Florida, as of September 30, 2008, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Clerk at September 30, 2008, and the respective changes in financial position, where appropriate, thereof and the respective budgetary comparison for each major fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the special purpose financial statements taken as a whole. The accompanying other financial information is presented for purposes of additional analysis and is not a required part of the special purpose financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the special purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the special purpose financial statements taken as a whole.

INDEPENDENT AUDITORS' REPORT

In accordance with *Government Auditing Standards*, we have also issued a report dated January 13, 2009, on our consideration of the Clerk's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

This report is intended solely for the information and use of the Clerk and management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

**NOTES TO SPECIAL PURPOSE
FINANCIAL STATEMENTS**

**NOTES TO SPECIAL PURPOSE FINANCIAL STATEMENTS
NASSAU COUNTY CLERK OF THE CIRCUIT COURT**

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Nassau County, Florida, Clerk of the Circuit Court (the Clerk) conform to generally accepted accounting principles (GAAP), as applicable to governments. The following is a summary of significant accounting principles and policies used in the preparation of these special purpose financial statements.

Reporting Entity

Nassau County, Florida is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board).

The Clerk is an elected official of Nassau County, Florida pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d). The Clerk is a part of the primary government of Nassau County, Florida. The Clerk is responsible for the administration and operation of the Clerk's office, and the Clerk's special purpose financial statements do not include the financial statements of the Board or the other Constitutional Officers of Nassau County, Florida.

The Clerk funds his operations as a Budget Officer and a Fee Officer pursuant to Florida Statutes, Chapters 28, 129 and 218, respectively. As a Budget Officer, the operations of the Clerk are approved and funded by the Board. As a Fee Officer, the operations of the Clerk are approved and funded from fees and charges authorized under Chapter 2004-265, Laws of Florida. The receipts from the Board are recorded as other financing sources on the Clerk's general fund financial statements. Any excess of revenues and other financing sources received over expenditures of the general fund are remitted to the Board at year-end. Any excess of revenues over court-related expenditures of the court fund are remitted to the State of Florida at year-end.

Basis of Presentation

These special purpose financial statements are financial statements that have been prepared in conformity with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board (GASB) and accounting practices prescribed by the Auditor General, State of Florida. The basic financial statements for the County as a whole, which includes the funds of the Clerk, were prepared in conformity with GAAP. The Clerk utilizes the following fund types:

■ **Governmental Funds**

● **Major Funds**

- ▶ **General Fund**—The general fund is the general operating fund of the Clerk. It is used to account for all financial resources, except for those required to be accounted for in another fund.
- ▶ **Court Fund**—The court fund was established pursuant to Chapter 2004-265, Laws of Florida, to account for court-related revenues and expenditures and are required to be reported separately from the Clerk's general fund activities.

- **Other Governmental Funds**—The special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes including public records modernization, child support and teen court.

Note 1 - Summary of Significant Accounting Policies *(Continued)*

Basis of Presentation *(Concluded)*

■ **Fiduciary Funds**

- **Agency Funds**—The agency funds are used to account for assets held by the Clerk as an agent for individuals, private organizations and other governments. Agency funds are custodial in nature and do not involve measurement of changes in financial position.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the special purpose financial statements. Basis of accounting refers to the timing of the measurements made, regardless of the measurement focus applied.

The modified accrual basis of accounting is followed by the governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. The Clerk considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures are recorded when the liability is incurred, except for accumulated sick and vacation pay, which are not recorded until paid. Charges for services and investment revenue are recorded as earned.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of "available spendable resources" during a period.

Budgetary Requirement

Governmental fund revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget was adopted for the general fund, the public records fund, teen court and child support. All budget amounts presented in the accompanying special purpose financial statements have been adjusted for legally authorized amendments of the annual budget for the year. A budget was adopted for the court fund and approved by the Florida Clerk of Courts Operations Corporation. Budgets are prepared on the modified accrual basis of accounting.

The Clerk's annual budgets are monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Capital Assets

Tangible personal property is recorded as expenditures in the governmental fund at the time an asset is acquired. Assets acquired by the Clerk are capitalized at cost in the capital asset accounts of the County. The Clerk maintains custodial responsibility for the capital assets used by his office.

Note 1 - Summary of Significant Accounting Policies (Concluded)

Accrued Compensated Absences

The Clerk maintains a policy of granting employees annual leave based upon the number of years of employment. At December 31 of each year, annual leave is accumulated up to a maximum of 160 hours. An employee can receive payment for such accrued annual leave upon termination of employment.

In addition, sick leave is accumulated at the rate of one day per month for a maximum of 675 hours as of December 31 of each year. Upon termination of employment, accrued sick leave credits are forfeited. However, upon retirement, an employee may receive payment for accrued sick leave credits.

The Clerk also allows employees to accumulate compensatory time earned. An employee can receive payment for unused compensatory time upon termination of employment, or at the discretion of the Clerk.

Workers' Compensation and Group Health Insurance

For the Clerk's non-Court employees, the Board provided workers' compensation and group health insurance coverages. The premiums for such coverages were paid by the Board and recorded on its records and, consequently, are not recorded on the Clerk's records. For the Clerk's Court employees, the Clerk provided workers' compensation and group health insurance coverages. The premiums for such coverages were paid by the Clerk and recorded on his records.

Risk Management

The Clerk is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and the public; or damage to property of others. The Clerk participates in the risk management program through the Board, which uses commercial insurance to cover the following types of risk:

- Workers' Compensation
- Automobile Liability
- Public Officials' Liability
- Personal Property Damage
- General Liability

Workers' compensation coverage is provided under a retrospectively rated policy. Premiums are accrued based on the ultimate cost to-date of the Board's experience for this type of risk.

Reserved Fund Balance

The public records modernization fund reserved fund balance is legally restricted for the public records system of the Clerk's office. The teen court fund reserved fund balance is restricted for use in operating the functions of teen court.

Note 2 - Cash

At September 30, 2008, the carrying amount of the Clerk's deposits was \$3,245,611 and the bank balance was \$3,491,043. The Clerk also held \$3,341 in change funds at September 30, 2008. Deposits in banks and thrift institutions are collateralized as public funds through a state procedure provided for in Chapter 280, Florida Statutes. Financial institutions qualifying as public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, Florida Statutes, no public depositor shall be liable for any loss thereof. All of the cash deposits of the Clerk are placed with qualified financial institutions which means they are insured or collateralized.

Investments

The Clerk's investment practices are governed by Chapters 28.33 and 218.415, Florida Statutes. The Clerk is authorized to invest in certificates of deposit, money market certificates, obligations of the U.S. Treasury and the Local Government Surplus Funds Trust Fund (the State Board of Administration).

At September 30, 2008, the Clerk's investments consisted of investments with the State Board of Administration in the amount of \$ 478. Investments are recorded at market value.

Note 3 - Employee Benefits

Plan Description

Membership in the Florida Retirement System (FRS) is required for all full-time and part-time employees in regularly established positions for state agencies, county governments, district school boards, state universities and state community colleges, or cities, independent special districts, metropolitan planning districts, and public charter schools that make an irrevocable election to participate. Certain members, including elected officials and local government senior managers, may elect to not participate in the system. The FRS Pension Plan is a cost-sharing, multiple employer, public retirement system administered by the State of Florida, Division of Retirement. The FRS also offers eligible employees participation in an alternative defined contribution plan (the Investment Plan).

Employees participating in the Pension Plan who retire at or after age 62 with six years of credited service or with 30 years of service regardless of age, are entitled to a retirement benefit, payable monthly for life, equal to 1.6% for regular employees, 2% for senior management, and 3% for special risk and county elected officials, for each year of credited service times their final average compensation. Final average compensation is the employee's average of the five highest years of salary earned during credited service. Vested employees may retire before age 62 and receive retirement benefits that are reduced 5% for each year prior to normal retirement age. Employees participating in the Investment Plan are vested after one year of service with no age requirement. The System also provides death and disability benefits (including in-line-of-duty disability). Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S-4, *Florida Administrative Code*.

Note 3 - Employee Benefits (Concluded)

Plan Description (Concluded)

The Deferred Retirement Option Program (DROP) is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to sixty months. While in the DROP, the member's retirement benefits accumulate in the FRS trust fund (increased by a cost of living adjustment each July) and earn monthly interest equivalent to an annual rate of 6.50%. When the DROP period ends, the DROP account is paid out as a lump sum payment, a rollover, or a combination, and monthly benefits are subsequently paid to the member in the amount as calculated upon entry into DROP, plus cost-of-living adjustments for intervening years. In most cases, the DROP participant must cease employment when the DROP period ends.

The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. That report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or by calling (850) 488-5706.

Funding Policy

Members of the FRS are not required to make employee contributions; employers pay all required contributions. The Florida Legislature has established a uniform contribution rate system for the FRS covering both the Pension Plan and the Investment Plan. The current contribution rates by member class are as follows: regular employees 9.85%, special risk 20.92%, DROP employees 10.91%, and elected officials 16.53%. The Clerk's contributions to the plan for the years ended September 30, 2008, 2007, and 2006, were \$ 325,030, \$297,912, and \$248,807, respectively, equal to the actuarially determined contribution requirements for each fiscal year.

Note 4 - Change in Long-term Debt

The following is a summary of the change in long-term debt of the Clerk for the year ended September 30, 2008:

OTHER REPORTS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL
PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable John A. Crawford
Nassau County Clerk of the Circuit Court
Nassau County, Florida

We have audited the special purpose financial statements of the Nassau County, Florida, Clerk of the Circuit Court (the Clerk) as of and for the year ended September 30, 2008, and have issued our report thereon dated January 13, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Clerk's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the Clerk's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Clerk's financial statements that is more than inconsequential will not be prevented or detected by the Clerk's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Clerk's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Clerk and management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)6., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the special purpose financial statements.
